

Learning Goals for Test 2 (18.12.2025)

Grammar:

all the material in this Unit 2 / Grammar is relevant for the preparation of the test! You need to:

1. know what Verb Patterns are and can distinguish between the use of a Gerund and the use of to-infinitive. You know what a Gerund is.
2. work through document Verb Patterns 1: introduction, practice, overview
3. work through document Verb Patterns 2: practice + special focus on page 1-2 (forget/remember, regret, stop, try)
4. work through document Verb Patterns 3: detailed explanations, overview + examples. Special focus on categories on page 5 (+ the following pages for examples), page 9 point 7)+8) -ing to- Inf. With/without change in meaning (forget/remember, regret, stop, try), page 10 point 9) Watch out!
5. watch Youtube tutorials / do Keyword-Transformation exercises / do Practice exercises
6. In summary: You know which verbs to use with which Verb Pattern and can apply them correctly in new contexts!

Vocabulary

1. There will not be extra vocabulary for you to learn - learning the verbs (and also understand their meaning) is your vocabulary work for this test!

You are expected to be able to transfer your knowledge and expertise in grammar and vocabulary and apply it correctly in new contexts.

There will be a listening comprehension exercise and a reading comprehension exercise in the test.

1. What you must know

Verb Patterns tell you which verb form follows another verb.

These are the forms:

- Gerund = Verb + -ing
- reading, swimming, going
- to-Infinitive = to + Verb
- to read, to swim, to go
- Verb + object + (to-)infinitive
- She told me to wait.
- They made him pay.

2. Verbs followed ONLY by the Gerund (-ing)

Typical meanings: enjoying, avoiding, admitting, continuing.

Common verbs:

- enjoy
- avoid
- mind
- suggest
- finish
- admit
- deny
- consider
- imagine
- miss
- practise

Examples:

- He enjoys cooking.
- She avoided talking to him.

3. Verbs followed ONLY by the to-Infinitive

Typical meanings: wanting, planning, deciding, hoping.

Common verbs:

- want
- hope
- decide
- plan
- expect
- promise
- refuse
- agree
- offer
- manage
- learn

Examples:

- I hope to see you soon.
- She decided to move to London.

4. Verbs followed by EITHER form – sometimes with a change in meaning

This is one of the most important parts of the test.

A) remember / forget

- remember / forget + -ing → remembering something from the past
- I remember meeting her.
- remember / forget + to-Inf → remembering or forgetting to do something
- Remember to lock the door.

B) regret

- regret + -ing → being sorry about a past action
- I regret telling you that.
- regret + to-Inf → used before giving bad news
- We regret to inform you that your application was not successful.

C) stop

- stop + -ing = stop the action completely
- He stopped smoking.
- stop + to-Inf = stop in order to do something else
- He stopped to smoke.

D) try

- try + -ing = experiment
- Try restarting your computer.
- try + to-Inf = make an effort
- I tried to open the door, but it was stuck.

5. Verb + Object + to-Infinitive

Many verbs require an object before the to-Inf:

- **advise** somebody **to do** something
- **tell** somebody **to do** something
- **ask** somebody **to do** something
- **expect** somebody **to do** something
- **want** somebody **to do** something
- **allow** somebody **to do** something
- **remind** somebody **to do** something

Examples:

- She reminded me to bring my keys.
- They allowed us to enter.

6. Verb + Object + bare infinitive (without “to”)

Only very few verbs do this:

- **make** somebody do something
- **let** somebody do something
- **help** can be used with both forms.

Examples:

- They made him apologise.
- Let me know if you need help.

7. Prepositions + Gerund

After a preposition, always use the -ing form.

Examples:

- interested in doing
- good at playing
- tired of waiting
- fed up with working

8. Expressions that require the Gerund

These appear often in your material:

- can not help doing
- it is no use doing
- it is worth doing
- spend time doing

Example:

- It is worth visiting that museum.

9. Common verbs followed by EITHER form – without meaning change

These do not change the meaning:

- begin
- start
- continue

Example:

They started to talk.

They started talking.

→ same meaning

10. Meaning differences from your material (important!)

Your material highlights these again on pages 1–2 and page 9–10.

Here is the complete list you must master:

- forget + -ing / forget + to-Inf
- remember + -ing / remember + to-Inf
- regret + -ing / regret + to-Inf
- stop + -ing / stop + to-Inf
- try + -ing / try + to-Inf
